

It cost \$455,000 to recover
\$6.9 million
 of food this year.

July 2021 - June 2022

Food security is more than just freedom from hunger. We want everyone to have abundant food appropriate for their own traditions, family, and community. **To gather and share food together is where we find commonality and connection.**

At our free produce stands this season, we encouraged folks to take plenty to share, and by doing so we support community-building through food.

One produce stand visitor took tomatoes, onions, and peppers to make soups and sauces for 18 of her neighbors.

*That is a community
 we want to be a part of.
Don't you?*
